Personal Profile

An innovative and tech-savvy software developer and IT specialist with experience in Computer Science and Information Technology, web and mobile development.

Career Objective

Seeking a challenging position to enhance my knowledge, develop my skill set, and network with professionals in the field of Information Technology; leveraging my competencies to contribute to the growth and success of the company.

WORK EXPERIENCE

ESports Manager June 2022 – December 2022 (7 months) Suntech Business Solutions

- Led recruitment efforts that successfully expanded the Sitense Gaming community, attracting a diverse group of passionate gamers and fostering a vibrant, inclusive environment through management of a web application
- Orchestrated the end-to-end delivery of live tournaments, both in gaming arenas and on our online platform. This involved meticulous planning and execution, ensuring seamless operations and exceptional player experiences.
- Developed comprehensive event guidelines, including detailed handbooks and tournament regulations. My commitment to adhering to rigorous Esports industry standards ensured that all events maintained top-tier quality and compliance.
- Proficiently attained expertise in utilizing diverse tournament platforms, becoming the go-to specialist for operational proficiency. I also prepared comprehensive tournament and event data reports, providing key stakeholders with valuable insights.

IT intern Assistant February 2021 – July 2021 (6 months) Nammy International Travel

- Managed daily IT operations, provided technical support, and maintained office systems. This experience has honed my problem-solving skills and my ability to manage IT infrastructure effectively.
- Participated in project teams, ensuring that tasks were completed on time and met quality standards that included report writing, software analysis, design, development, and implementation through various software tools and environments e.g. Canva
- Organized electronic filing systems, and performed data entry and analysis by enhanced remote support and collaboration as a virtual assistant and updated company databases.

- Coordinated travel arrangements and assisted in event coordination, by managing office inventory through adoption of Nammy' s travel and inventory system software.

IT intern April 2018 – March 2020 (2 years) Mutinda's Gaming Hub

- Organized electronic filing systems, and performed data entry and analysis by enhanced remote support and collaboration as a virtual assistant and updated company databases.
- Managed daily operations of the entertainment center, focusing on multimedia technology by addressing and resolving technical challenges during routine activities.
- Maintained ledgers for day-to-day operations and provided technical support. Handled software installations, printing, photocopying, and technology repairs.

LEADERSHIP ROLES

- Group leader on various projects- Jomo Kenyatta University of Agriculture and Technology(2019,2023).
- ESports Manager June 2022 as Suntech Business Solutions
